PROFILE SUMMARY

Front-End Developer and UI/UX Designer specializing in building responsive web applications using **React.js**, **TypeScript**, **JavaScript (ES6+)**, and **Tailwind CSS**. **Cisco Certified** professional skilled in **UI implementation from Figma**, component-based architecture, and developing scalable, logic-driven interfaces.

EDUCATION

Virtual University of Pakistan

Islamabad, Pakistan

BS SOFTWARE ENGINEERING

2025 - Present

Govt. Post-Graduate College Asghar mall

Rawalpindi, Pakistan

HSSC Intermediate

2023 - 2025

Govt. Boys Higher Secondary School Loco Shed

Rawalpindi, Pakistan

SSC Matriculation

2021 - 2023

SKILLS

Languages: JavaScript (ES6+), TypeScript, HTML5, CSS3

Frameworks & Libraries: React.js, Tailwind CSS

Tools & Platforms: Git, GitHub, Netlify, Figma, Adobe Illustrator

Core Competencies: UI Implementation from Figma, Responsive Web Design, Component-Based Architecture, State Management and API Integration

EXPERIENCE

March 2026- Present

React Developer Intern | Internee.pk (Remote)

- Developing modular, reusable UI components using **React.js** and **JavaScript (ES6+)** for scalable codebases.
- Translating **Figma designs** into high-fidelity, responsive web interfaces using **Tailwind CSS**.
- Implementing state management logic and **RESTful API** integrations for dynamic user experiences.
- Utilizing **Vite** and **Git/GitHub** for optimized builds and professional version control.

PROJECTS

Interactive Snake Game

2026

- Developed a logic-driven Snake Game using Vanilla JavaScript (ES6+) to demonstrate core programming concepts like game loops and coordinate systems.
- Managed version control using Git and successfully deployed a live, responsive version via GitHub Pages.

LuminaEdit: Real-Time Image Filter Engine

2026

- Built an image editing tool using React.js and Vite with real-time filter adjustments and state-driven UI updates.
- Integrated Tailwind CSS for responsive design and used the Canvas API for client-side image manipulation.

ACHIEVEMENTS

- **Cisco Certified in JavaScript & C++:** validated technical proficiency in core programming logic and script development.
- **Engineered interactive React applications** (Snake Game, Kanban Board, Image Editor and many more) by translating Figma designs into logic-driven code.
